I remember during the last week in Feb. being asked Mr Rustomjes to get some Rope shares for him. I went to me R. Shewan on the subject. Mr Shewan an peared to consider that figure so low that he made no reply to it. Later, in the mount of March I think, Mr hewan nientioned \$176 as the rate. I have had deslings in Ropes myself. Mr Rustomjes told me in confidence that he was prepared

to buy 1000 shares, and was willing to give \$130 for them. By the Acting Attorney General-Ithin my conversation with Mr Potts must have been either in the latter part of December

That was practically paying \$3 per share for the accommodation. On the settling day I did not take delivery. I paid a cheque and asked the party to hold the shares till 2nd of April. I had never any general instructions from Mr. Shewan to purchase shares for him at any price. I had no such instructions on 25th March. On 8th Fab. for 31st March I purchased

Hongkong and Whampon Dock Company. was for about seven years in the employ of Mesers Russell and Co. I left about two years ago. At the beginning of Jan. last I had no Rope shares. During the month of Jan. I think I bought about 300 shares cash and about the same number for the end of Jan. I can't recollect that I bought more than two hun red for March, but Mr Shewan bought shares also, in which I had half interest, to the extent of 200. Of the 200 I bought I gave Mr Shewan 100. We had four joint account transactions in Jan. In Feb. I don't think I made any cash purchases;) es. I did, I bought 60 from Stokes and Young at \$108. The shares I naid cash for I put into the Chartered Bank, I had never any theres or doouments representing shares in Mr Shewan a possession or under his control. The cause of the delay in delivery of 100 sheres I had to deliver at the end of March was because they were in Mr Shewan's hands. Mr Gubbay me to Mr Shewan, who said there seemed to be some diffi alty in getting in the shares and asked us to wait. Mr Gubbay two or three days afterwards got them from Mr Shewan on my rder. Mr Shewan told me he had not gut the shares in. He did not flud fault with me for selling the shares at \$104. I have had no setual quarrel with Mr Shewan, I should not may there has been a disagreement. He is not friendly with me at present because I would never tell him what I was doing in Ropes. Mr Shewan's statement that he strongly advised me not to sell is wrong. He said 1 think Ropes will go high; that is all. The first time he spoke to me about it was in the first week in Jan, when I met him in the Club. He told me that hemp was going up and Ropes would rise. I said All right, I shall go and buy some. There was never any understanding between us that I should let him know what I was doing. That was the course of the disagreement, because I would never let anyone know what I was doing in Ropes or in any shares. I never sent any message through Mr Gubbay to Mr Bustomjee telling him not to pay what was claimed in this case and that I should sell my shares and break up the ring. I had never any difficulty in getting payments for shares sold to any of the parties mentioned in connection with this case. I hever got any guarantee from any Chinaman compradors, opium farmer, or other-in respect of money

payable for Rope shares. I don't know what number of shares Mr Perry held bought from him 300 at \$120 early in Feb. for March. I did not sell any to him. By the Acting Attorney General-1 recelved a message about giving evidence in this case which I understood was from Mr Francis. The message was to the effect that it was very awkward for me to have my share transactions disclosed in Court and that if I could wive any information to prove that there was a corner I should not be called upon by the other side as a witness, Mr Danby was Lite person who brought the message to me. I don't know who sent him, but I understood that it was either Mr Rustomies or his lawyer. By his Lordship It was about the 9th or luth February I bought the 801 chares

FOOCHOW NEWS.

(Foodbow Echo, 29th June.) There has been great discontagt in the City of late, and it has been brought to our notice that it is on the increase. Placards have appeared on posts and blank walls in many of the streets, animadverting on the new Viceroy. The malcontents appear to be chiefly of the banking and shopkeeping class. The fact is, that, the good citizens of Foothowfoo, true to their conservative instincts as Chinamon, hate anyt hig in the way of reform; and there is no doubt that Hr E. Pien Po Thie has, since his arrival here, been very busy in bringing out his measures for upsetting many old bad customs, substituting for them new good ones. . . As we understand it, the most obnexious of the anw laws is the which prohibits bankers from issuing pap r money, unless secured by 10 other banks or men of weath. Having been brought rather suddenly into force, we can quite understand that this new law has caused some little inconvenience for the time being, to some of the shopk-epers and petry traders; but of course in the natural order of things, the old system will very zoon be replaced by one far sounder. It is mionstrous to suppose that a man with a few hundred dollars c uld long have been allowed to issue notes to the extent of thousands. These disappointed moneylenders, who could not have been very substantial, or they could have obtained the necessary securities, have been inciping their neighbours to disconfent. Amongst other new measures introduced, we fine the suppresion of gambling; the enforced removal of brothels to the river boats; the housing of beggars which includes food and work found for them : the proishment of unfaithful busbands; the suppression of the big and little josses who used to parade the streets at this lime of the year to frighten away sick devils; the prohibition of the employment of girls in ten factories over the age of 15. Surely no well disposed citizen can find any fault with auch laws, new though they may, be, Nevertheless we are assured that great discont nt prevails. We grant that wit consider the sale of the monopoly of the iron trade a mista to; as we have previously taken occasion to remark, but, after ad this affects but few. The rise in the price of rice is simply due to the distiffected spreading a rumour, that it is the mention of the local government to levy a tax on it This was started, of course, to raise the ire of the people ag dust the authorities. The ringleaders should at once be found and severely punished. The city of Boochow would then quickly arttle down into its former normal state of contentedness and quietness. Rice is said to be rising every day, at the

rate of five to six cash per pound. We regret to have to record the death of Mr Schenke, one of the oldest, if not the oldest, resident at this port. His funeral on Monday evening last was very largely attended, showing the esteem in which he was held by the community. Mr Schonke was a native of Germany.

REBELLION IN THE F. KIEN PR VINCE.

(Foochow Echo, June 29.) News of troubles of an alarming nature. going on in the upper country, reached here a few days ago. It appears that a large body of men living on the borders of Kiangei came down in rapid boats to this province, and when passing one of the military stations, were sto, ped, and interrogated by the officer startioned there, as to the object of their moving in such large numbers. The reply was, that they came down to get the wrongs of their countrymen redressed, that several of them were killed last year by the Fuhkienese, and that as no justice had been obtained up to the present time, although petitions had been every now and then presented to the officials, they were simply taking the law into their own hands. The military officer asked them to proceed no further until he had seen the Shun-chang magistrate, and they quietly acquiesced. During the absence of this officer, it is reported, that they were joined by other boats in large numbers, full of disbauded Hunan soldiers, who began to pillage the villages close by A standard of rebellion, so our information runs. was now raised to which many bad characters from different places in the neighbourhood soon, rallied. It is said that their numbers now reach upwards of 12,0 0 men. and that many are still joining in the movement. They have foreign arms and ammunition. It is also reported that men, women and children had been ruthl salv alaughtered, that a vast amount of inmovable property had been wantonly destroyed; and that plunder, to considerable value, had been carried away.

Our information having reached us piecemeal we are unable to impart it otherwise than in a very disjointed manner. One of A SERIES OF ARTICLES. the latest items of news is, that the marauders were marching on to the tea districts, where they expect, at this time of the year, to reap a rich harvest. Another item is that the Sunching Magistrate and his wife had been taken prisoners, and that two petty officers had been killed. Yet another, that the body of insurgents had been split up into divisions, a competent

The law in this Empire works apparently as slowly as it does in, at least, one country in Euro a. Up to the present time no award has been given Hence the disturbance, of which we give a report in another column. Out of tailes great things come they say, and here in certainly a case in point. No judgment however has yet been given and nothing can be known with certainty; the above is only the opinion of persons who had the opportunity of watch-

ing the examinations. One good result of the riots is that the Some se authorities now kn w that they can rely on their troops; another is that His Majesty the King has received such reports of the shortcomings of the Police that matters in that direction will soon be re-

formed. The Steamers of the Ocean Steamship Co., and of the Scottisli Oriental Co., especially the latter, were greatly detained rwing to the riots and the scarcity of coolies. The s. s. Hecate was nine days in purt, instead of two or three as in ordinary times.
